

## Natural wood Wavemol with elegant engravings

Wooden Wavemol is a natural wood product with wave patterns engraved on the surface. The design of the surface is available in various unique wave selections of soft, sharp, deep engraving and cross patterned waves.

### Construction example

MIHASI Group showroom KASYOKU-ICHIBA

a) WWA103007AY JPY 12,200.- (tax not included) Length 3650mm

MIHASI Tokyo Aoyama Showroom

b) WWB22120AY JPY 22,700.- (tax not included) Length 3650mm

c) WWB12120AY JPY 24,700.- (tax not included) Length 3650mm

As the wave pattern is irregularly engraved, please adjust wave pattern of a junction point to joint same products.

## Main features of Wooden Wavemol Products

The unique beautiful wave pattern by three-dimensional designing can change the expression depending on the angle of light. Having natural wood as its material, it can be cut, carved or drilled as desired.

## Wooden Wavemol Specifications

Usage	Wall interior decoration
Base Material	AY: Ayous
Surface	Non-coated
Sizes (mm)	Width: 75 / 90 / 105 / 135 / 200mm    Thickness: 21 / 30mm    Length: 3650mm
